1. Prif bryder CND Cymru, wrth gwrs, yw arfau niwclear, nad yw'n fater datganoledig. Fodd bynnag, gall Aelodau'r Senedd lofnodi Addewid Seneddol ICAN¹ i gefnogi Cytundeb y Cenhedloedd Unedig (CU) ar Wahardd Arfau Niwclear:²

Yr ydwyf fi, y seneddwr/wraig sy'n arwyddo isod, yn croesawu mabwysiadu'r Cytundeb ar Wahardd Arfau Niwclear gan y CU ar y 7 Gorffennaf 2017 yn gynnes, fel cam pwysig tuag at sicrhau byd heb arfau niwclear.

Testun pryder dwys i mi yw'r canlyniadau trychinebus i'r ddynolryw pe câi arfau niwclear byth eu defnyddio, ac yr wyf yn ymwybodol o'r angen, o ganlyniad, am ddileu'r arfau annynol a fffiaidd hyn.

Fel seneddwr/wraig, yr wyf yn addo gweithio i gael fy ngwlad i lofnodi a chadarnhau'r cytundeb tirnod hwn, gan fy mod yn ystyried dileu arfau niwclear yn fudd cyhoeddus byd-eang o'r radd flaenaf ac yn gam hanfodol tuag at hyrwyddo diogelwch a llesiant holl bobloedd y byd.

Beth yw eich barn am arfau niwclear ac, yn benodol, a fydddech y barod i arwyddo'r Addewid hwn os cewch eich ethol?

1. CND Cymru's main concern is, of course, nuclear weapons, which are not a devolved issue. However Senedd Members can sign the ICAN¹ Parliamentary Pledge in support of the UN Treaty on the Prohibition of Nuclear Weapons²:

I, the undersigned parliamentarian, warmly welcome the adoption of the UN Treaty on the Prohibition of Nuclear Weapons on 7 July 2017 as a significant step towards the realization of a nuclear-weapon-free world.

I am deeply concerned about the catastrophic humanitarian consequences that would result from any use of nuclear weapons, and I recognize the consequent need to eliminate these inhumane and abhorrent weapons.

As a parliamentarian, I pledge to work for the signature and ratification of this landmark treaty by my country, as I consider the abolition of nuclear weapons to be a global public good of the highest order and an essential step to promote the security and well-being of all peoples.

What are your views on nuclear weapons, and in particular, if elected, would you be prepared to sign this Pledge ?

I believe nuclear weapons are no longer a deterrent to the global issues we have in the world and only continue to offer the potential for disaster, either deliberately or accidentally. We should be working with all countries who have them or wish to develop them to remove them and the possibility of developing them. I believe the UK should lead by example.

I would be prepared to sign the pledge.

2. Yn ogystal â gwahardd arfau niwclear, mae Cytundeb y CU ar Wahardd Arfau Niwclear hefyd yn gwahardd cyllido arfau niwclear. A fydddech yn cefnogi mesurau i sicrhau nad oes gan gronfa bensiw yn Senedd unrhyw fuddsoddiadau mewn cwmnïau sy'n ymwneud â chynhyrchu arfau niwclear?

2. As well as banning nuclear weapons, the UN Treaty on the Prohibition of Nuclear Weapons also prohibits the financing of nuclear weapons. Would you support measures to ensure that the Senedd pension fund has no investments in companies involved in nuclear weapons production ?

Yes, Totally.

3. Ym 1982, datganwyd bod Cymru yn Wlad Ddi-niwclear, yn sgil cynigion a basiwyd gan bob Cyngor Sir yng Nghymru. Y Cyngorau Sir, ar y pryd, oedd yr haen ddemocrataidd uchaf o lywodraeth yng Nghymru.

3. In 1982, Wales was declared a Nuclear Free Country, following motions passed by every County Council in Wales. County Councils were, at that time, the highest democratic tier of government in Wales.

Y Senedd yw fforwm democrataidd uchaf Cymru yn awr. Mae'r Cytundeb ar Wahardd Arfau Niwclear yn gwahardd "caniatáu... i arfau niwclear gael eu lleoli neu eu defnyddio ar eu tiriogaeth". I wledydd sydd wedi cadarnhau'r Cytundeb, mae'r gwaharddiad hwn bellach yn rhan o gyfraith ryngwladol.

The Senedd is now the highest Welsh democratic forum. The UN Treaty on the Prohibition of Nuclear Weapons bans "allowing ... nuclear weapons to be stationed or deployed on their territory". For states that have ratified the Treaty, this prohibition is now part of international law.

A fydddech chi'n cefnogi polisi gan y Senedd o wahardd cludo, lleoli neu ddefnyddio arfau niwclear yng Nghymru, yng ngofod awyr Cymru, ac yn nyfroedd arfordirol Cymru?

Would you support a Senedd policy of prohibiting the transporting, stationing or deploying nuclear weapons in Wales, in Welsh air space, and in Welsh coastal waters ?

Yes.

4. Ar hyn o bryd mae Cymru'n cynhyrchu mwy o drydan nag a ddefnyddia, heb ddim gorsafoedd pŵer niwclear gweithredol. Sut fydddech chi'n ymateb i unrhyw gynnig o blaid cynhyrchu pŵer niwclear newydd yng Nghymru, boed yn orsaf ynni niwclear newydd yn Wylfa, neu Adweithyddion Niwclear Modiwlaid Bach yn Wylfa, Trawsfynydd, neu unrhyw safle arall?

4. Wales currently generates more electricity than it uses, without any operating nuclear power stations. How would you react to any proposal for new nuclear power generation in Wales, whether that be a new nuclear power station at Wylfa, or Small Modular Nuclear Reactors at either Wylfa, Trawsfynydd, or any other site ?

I don't believe that nuclear is needed in our power generation mix and would oppose there development.

5. Er nad yw ynni niwclear yn bwnc datganoledig, mae gwastraff niwclear yn fater datganoledig. Sut fydddech chi'n ymateb i unrhyw gynnig o blaid storio gwastraff niwclear yng Nghymru?

5. Although nuclear power is not a devolved issue, nuclear waste is a devolved matter. How would you react to any proposal for storing nuclear waste in Wales ?

Wales has participated in nuclear power in the past and has a legacy and responsibility to those activities. Such waste is a complicated matter and consideration on what is being suggested is required. I do however recognise Wales has a responsibility for past activities and would view any discussions in that light, no mater how distasteful the idea may be, we have a responsibility for our past and to contribute to a safer society in the future.
