1. Prif bryder CND Cymru, wrth gwrs, yw arfau niwclear, nad yw'n fater datganoledig. Fodd bynnag, gall Aelodau'r Senedd lofnodi Addewid Seneddol ICAN¹ i gefnogi Cytundeb y Cenhedloedd Unedig (CU) ar Wahardd Arfau Niwclear:²

Yr ydwyf fi, y seneddwr/wraig sy'n arwyddo isod, yn croesawu mabwysiadu'r Cytundeb ar Wahardd Arfau Niwclear gan y CU ar y 7 Gorffennaf 2017 yn gynnes, fel cam pwysig tuag at sicrhau byd heb arfau niwclear.

Testun pryder dwys i mi yw'r canlyniadau trychinebus i'r ddynolryw pe câi arfau niwclear byth eu defnyddio, ac yr wyf yn ymwybodol o'r angen, o ganlyniad, am ddileu'r arfau annynol a ffaidd hyn.

Fel seneddwr/wraig, yr wyf yn addo gweithio i gael fy ngwlad i lofnodi a chadarnhau'r cytundeb tirnod hwn, gan fy mod yn ystyried dileu arfau niwclear yn fudd cyhoeddus byd-eang o'r radd flaenaf ac yn gam hanfodol tuag at hyrwyddo diogelwch a llesiant holl bobloedd y byd.

Beth yw eich barn am arfau niwclear ac, yn benodol, a fydddech y barod i arwyddo'r Addewid hwn os cewch eich ethol?

Yes i would sign the pledge

Nuclear weapons exist for one reason and one reason only. To murder millions of innocent men women and children. The abolition of Nuclear Weapons under international law and de-escalation and disarmament is vital.

1. CND Cymru's main concern is, of course, nuclear weapons, which are not a devolved issue. However Senedd Members can sign the ICAN¹ Parliamentary Pledge in support of the UN Treaty on the Prohibition of Nuclear Weapons²:

I, the undersigned parliamentarian, warmly welcome the adoption of the UN Treaty on the Prohibition of Nuclear Weapons on 7 July 2017 as a significant step towards the realization of a nuclear-weapon-free world.

I am deeply concerned about the catastrophic humanitarian consequences that would result from any use of nuclear weapons, and I recognize the consequent need to eliminate these inhumane and abhorrent weapons.

As a parliamentarian, I pledge to work for the signature and ratification of this landmark treaty by my country, as I consider the abolition of nuclear weapons to be a global public good of the highest order and an essential step to promote the security and well-being of all peoples.

What are your views on nuclear weapons, and in particular, if elected, would you be prepared to sign this Pledge ?

2. Yn ogystal â gwahardd arfau niwclear, mae Cytundeb y CU ar Wahardd Arfau Niwclear hefyd yn gwahardd cyllido arfau niwclear. A fydddech yn cefnogi mesurau i sicrhau nad oes gan gronfa bensiwn y Senedd unrhyw fuddsoddiadau mewn cwmnïau sy'n ymwneud â chynhyrchu arfau niwclear?

2. As well as banning nuclear weapons, the UN Treaty on the Prohibition of Nuclear Weapons also prohibits the financing of nuclear weapons. Would you support measures to ensure that the Senedd pension fund has no investments in companies involved in nuclear weapons production ?

Yes the Senedd Pension Fund should be governed by an ethical investment policy which would prohibit investment in weapons production and procurement.

3. Ym 1982, datganwyd bod Cymru yn Wlad Ddi-niwclear, yn sgil cynigion a basiwyd gan bob Cyngor Sir yng Nghymru. Y Cyngorau Sir, ar y pryd, oedd yr haen ddemocrataidd uchaf o lywodraeth yng Nghymru.

3. In 1982, Wales was declared a Nuclear Free Country, following motions passed by every County Council in Wales. County Councils were, at that time, the highest democratic tier of government in Wales.

Y Senedd yw fforwm democrataidd uchaf Cymru yn awr. Mae'r Cytundeb ar Wahardd Arfau Niwclear yn gwahardd "caniatáu... i arfau niwclear gael eu lleoli neu eu defnyddio ar eu tiriogaeth". I wledydd sydd wedi cadarnhau'r Cytundeb, mae'r gwaharddiad hwn bellach yn rhan o gyfraith ryngwladol.

The Senedd is now the highest Welsh democratic forum. The UN Treaty on the Prohibition of Nuclear Weapons bans "allowing ... nuclear weapons to be stationed or deployed on their territory". For states that have ratified the Treaty, this prohibition is now part of international law.

A fydddech chi'n cefnogi polisi gan y Senedd o wahardd cludo, lleoli neu ddefnyddio arfau niwclear yng Nghymru, yng ngofod awyr Cymru, ac yn nyfroedd arfordirol Cymru?

Would you support a Senedd policy of prohibiting the transporting, stationing or deploying nuclear weapons in Wales, in Welsh air space, and in Welsh coastal waters ?

Yes. Absolutely and without hesitation.

4. Ar hyn o bryd mae Cymru'n cynhyrchu mwy o drydan nag a ddefnyddia, heb ddim gorsafoedd pŵer niwclear gweithredol. Sut fydddech chi'n ymateb i unrhyw gynnig o blaid cynhyrchu pŵer niwclear newydd yng Nghymru, boed yn orsaf ynni niwclear newydd yn Wylfa, neu Adweithyddion Niwclear Modiwlaid Bach yn Wylfa, Trawsfynydd, neu unrhyw safle arall?

4. Wales currently generates more electricity than it uses, without any operating nuclear power stations. How would you react to any proposal for new nuclear power generation in Wales, whether that be a new nuclear power station at Wylfa, or Small Modular Nuclear Reactors at either Wylfa, Trawsfynydd, or any other site ?

There are some limited areas where as an interim measure nuclear power, and the huge risks that come with it, could be implemented. For example Germany where Nuclear power could provide a transition from fossil fuel consumption.

The same is not true of Wales. 50% of Welsh power is now from re-newable resources , a rise from 14% in 2014. Wales also has huge potential for hydro-electric power and upscaled barrage technology.

I would examine carefully any proposal for Nuclear power in Wales but through the prism of the facts relating to Wales potential for renewable expansion.

5. Er nad yw ynni niwclear yn bwnc datganoledig, mae gwastraff niwclear yn fater datganoledig. Sut fydddech chi'n ymateb i unrhyw gynnig o blaid storio gwastraff niwclear yng Nghymru?

5. Although nuclear power is not a devolved issue, nuclear waste is a devolved matter. How would you react to any proposal for storing nuclear waste in Wales ?

I wouldnt support proposals to store nuclear waste in Wales.
