Please see my response to your questionnaire below. I have completed it with my own personal views but as a candidate I am standing on the Labour Manifesto.

1. I fully agree with the abolition of nuclear weapons and will happily sign the pledge.
2. I will support measures to prohibit the financing of weapons.
3. I am proud we have a Treaty on the Prohibition of Nuclear weapons and will support a Treaty to prevent transporting, stationing or deploying nuclear weapons in Wales.
4. I oppose the use of nuclear power. We are blessed in Wales with enough natural sources we do not need any other form.
5. I will strongly oppose any storage of nuclear waste here in Wales,
