

Please find my responses to the questionnaire.

1. If elected, I would sign the ICAN Parliamentary pledge.

2. Absolutely

3. Yes

4. I would consider the proposal at the time. My default is that we should focus rather on green jobs through the creation of tidal lagoons, offshore and onshore wind, solar parks and the planting of forestry.

5. I wouldn't look to support a geological disposal facility (GDF) for high level radioactive waste.

Thanks,

Cllr Rob James

Leader of the Labour Group

Carmarthenshire County Council
